Reception will be insufficient for the works that the Municipality has got in hand. The cost of improvement works that are being executed by the P W D cannot therefore be met out of this grant.

3/ The Chief Engineer says that he will if permitted reappropriate Rs 20000 out of the funds allotted for Mysore water supply, as the whole of this amount (Rs 3 lakhs) is not going to be spent this year. This seems to be the best course if there is no financial objection.
